## Direction to JustDifferent at 'The Old Workshop'

**Address:** The Old Workshop, Mill Lane, Walberton, Near Arundel, West Sussex BN18 0QE  
**Email:** toby@justdifferent.org

Walberton is situated just south of the A27 near Fontwell Racecourse, with Arundel to the East and Chichester to the West.

### From the North – the A3 from London

Take the A3 to Guildford – remain on the A3 effectively by passing Guildford. Keep on A3 in the direction of Portsmouth (be very careful not to be diverted onto the A31 just outside Guildford). After about 5 miles from Guildford take the turning signposted to Milford. Then take the A283 to Petworth. Continue through Petworth and take the A285 in the direction of Chichester. Go over Duncton Hill – through Upwaltham until you reach the very top of the Downs. When you start going downhill (still on the A285) look for a left turn to Eartham (the turn comes up quickly so keep a sharp look out).

# Direction to JustDifferent at 'The Old Workshop'

Take this turn and proceed through to join the A27 (eastbound) just ½ mile from Fontwell. Follow the directions below – “From the West and Chichester”.

## **From the East and Arundel**

Following the A27 travel westwards for about 1½ miles from Arundel travelling towards Chichester, until you see a sign to the left signposted the “B2132, Walberton and Yapton”. Take this exit and then follow the “Core Directions” below.

## **From the West and Chichester**

Travel east from Chichester for about 3 – 4 miles on the A27 until you reach Fontwell. Continue along the A27 past the Travelodge at the first roundabout and at the second roundabout continue along the A27 following the signs for Arundel. After about 1 mile the “B2132 for Walberton and Yapton” is signposted to your right. Take this turn and then follow the “Core Directions” below.

## **From the North. Pulborough, Billingshurst and London**

If you are approaching from the North on the A29, continue south until the A29 joins the A27 at a roundabout just east of Fontwell. At this roundabout turn left (east) on to the A27, signposted to Arundel. After about 1 mile there is a right hand turn signposted “B2132 for Walberton and Yapton”. Take this turn and now follow the “Core Directions” below.

## **Core Directions**

After leaving the A27 follow this road for about ¾ mile past the Hilton Hotel and then some houses on the right. Turn right at the Walberton signpost. You are now in “The Street”. Keeping to the main road at all times, continue along for a short distance into Walberton village where there are a few shops on the right. After a further hundred yards or so (where the road narrows) you will pass the “Holly Tree” pub. Continue along the road passing ‘Tye Lane’ on your right, Dairy Lane and Pound Road on your left. When you reach Pound Road start to slow down. In front of you are 2 bus stops (one on either side of the road). Mill Lane is a right hand turn immediately before the two bus stops. Turn right into Mill Lane. Mill Lane is an ‘unmade’ lane. There is a small post box on the corner of Mill Lane and The Street but you cannot see it when approaching from the east until you are almost past the turning! The Old Workshop is immediately adjacent to ‘Nutfold’ a bungalow about 250 yards up the lane on your left hand side.
